[Download](#)

Please follow the instructions below to install Payperwork:

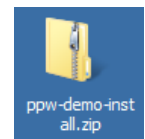

1. Click on the blue download link.
2. You will then be re-directed to the Payperwork Demo Download internet site.
3. If your Internet Explorer has blocked the Payperwork site from downloading files, please right mouse click on the Internet Explorer information bar and click on [Download File]. (As shown below)

4. The File Download screen will now appear. The easiest method of downloading this file is to click on [Open], although if your computer or internet connection is slow we advise to click [Save] and save the file to your desktop.

5. If you selected [Save], an icon called "ppw-demo-install.zip" will appear on your desktop.
6. Double click on this icon to open the folder. **OR**
7. If you selected [Open] the folder will open automatically.
8. Then double click on file "PPWDEMOINSTALL...".
9. The "Open File – Security Warning" screen will appear. Click on [Run].
10. This will start the Payperwork installation.

Now that Payperwork is installed please refer to the Getting Started Guide located on [www.payperwork.com.au](http://www.payperwork.com.au).
